**WARRANT FOR ANNUAL MEETING
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton on Tuesday the 11th day of March next, at nine o'clock in the forenoon to one o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers.
2. To hear the reports of town officers, agents and committees and pass any vote relating thereto.
3. To see if the town will grant the free use of the town hall for the following purposes: Roy Bent Post No. 10 American Legion, Wilton Fire Department for their annual party, Roy Bent Post No. 10 American Legion for Memorial Day exercises, School Lunches.
4. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
5. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.
6. To see if the town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.
7. To see if the town will vote to raise and appropriate the sum of \$216.00 to the Monadnock Region Association of Southern New Hampshire for the issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the town in co-

operation with the other thirty-seven towns of the Monadnock Region.

8. To see if the town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

9. To see if the town will vote to transfer from unencumbered surplus the sum of \$3000.00 for the purchase of the land and buildings of the Sullivan Blacksmith Shop, adjacent to the present Quigley Lot now owned by the town.

10. To see if the town will vote to include in the Wilton Traffic and Parking Ordinances adopted at Town Meeting March 8, 1938, an article limiting parking on Main Street proper to two hours, penalty to be a fine of not over three dollars, for use of the Town of Wilton.

11. To see if the town will vote to raise and appropriate the sum of \$1150.00 for a part time extra Police Officer to allow for day officer patrolling and enforcement of traffic and parking ordinances. The above amount is included in the \$4500.00 recommended by the Budget Committee for the Police Department for 1947.

12. To see if the town will vote to transfer from the present \$2000.00 Capital Reserve Fund for a Veterans' War Memorial the sum of \$1200.00 for the purchase and erection of a Veterans' Roll of Honor for World War II veterans.

13. To see if the Town will vote to raise and appropriate the sum of \$2500.00 for a jail to be installed in the Town Hall.

14. To see if the Town will vote to authorize the

Tax Collector to charge an additional amount of 20 cents on each Poll Tax not paid by September 1, for use of the Town, as provided by Statute.

15. To see if the Town will authorize the Selectmen to make a study of the town insurance program including the School District and Library, to see if savings can be made by consolidating and take any action necessary to accomplish this.

16. To see if the Town will vote to appoint an airport committee consisting of three members to be appointed by the Selectmen and authorized to act for the Town in all matters pertaining to the establishment, construction and operation of aircraft landing areas and to confer and consult with State and Federal officials and to execute in the name of the town any and all necessary or desirable instruments and agreements in connection therewith.

17. To see if the Town will authorize the Selectmen to use the balance of the unexpended fund for a large tractor and snow plow for equipment for the Highway Department.

18. To see what sum of money the Town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, park and playgrounds, street lighting, municipal court, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, interest, bonds, county taxes, Monadnock Region Association, libraries, town forest, bridges, new land and buildings, sidewalks construction, temporary notes, town dump and maintenance.

The librarians appreciate the generosity of friends who have made gifts to the library which greatly increase the patrons' profit and pleasure, namely:

Folding chairs presented by Mr. and Mrs. William G. Abbott. These chairs were much needed in the assembly room.

A collection of Florida sea-shells given by Miss Marion Hartshorn. Mr. and Mrs. Frederic Curtiss have added to this collection, and the trustees have

authorized the purchase of suitable cases for display. Miss Lucy Blanchard the gift of book-plates. Mr. Howell Wilcox a grain cradle. Mrs. Jennie F. Abbott Civil War relics and shoemaker's kit once owned by Capt. Clark. Miss Lucy Blanchard a Mariner's compass and wooden shovel. Mr. Warren Foster photographs of historical interest and handcuffs used in the 1870's at the old town farm.

Friends, relatives, Liberal Christian Church and library trustees presented outstanding books in memory of the late Mrs. Jennie F. Barnes who served as librarian so long and faithfully.

REPORT OF THE WATER COMMISSIONERS

During the past year the general maintenance expense was about the usual average.

The 6-inch extension from Maple St. to the Hampshire Hills property was completed for additional fire protection.

We have had three new services added during the year.

REPORT OF THE FIRE COMMISSIONERS

The fire commissioners feel that 1946 was a very satisfactory year on fire control. No bad fire loss was experienced and this was mainly due to high efficiency of the Fire Department.

Forest fires were held to a very small loss.

The equipment is in excellent condition except for the old forest fire pump which we wish to replace. No hose was purchased in 1946 as it seemed unwise to overstock on this item and have it deteriorate in storage.

The old forest fire pump mentioned above is an unsatisfactory unit and we have \$500 in our budget for 1947 with which to purchase a new modern pump.

Your fire alarm system has functioned well and an alarm box is to be located outside the fire station. We feel that this alarm box located outdoors and centrally located will be of assistance in fire control.

The contract with the Lyndeborough selectmen covering fire coverage in their town has been adjusted upward to meet added costs in our Department.

General appearance of the fire station is poor due to paint shortage. Sufficient money is in the 1947 budget to paint the building if good paint can be obtained.

Surplus war fire equipment has been available the past year. We took advantage of such offerings in the way of a foam protective unit, gas masks and special fog nozzles.

Respectfully submitted,

LESLIE N. CENTER,
LYNN W. POTTER,
WHITNEY M. FRYE.

All citizens should heed the following instructions in case of fire:

If notifying the fire department by telephone STAY on the line to advise location of fire.

If using the alarm box at the fire station ring the alarm and STAY at the box until firemen arrive.

REPORT OF THE FIRE CHIEF

During the year ending December 31, 1946 the fire department responded to 8 regular alarms, 12 still alarms, 6 brush and grass fires, 3 fires at Lyndeboro, 2 fires at old dump on Abbot Hill.

These dump fires must have been started by persons using this dump when it no longer is to be used as a dump.

The fire loss for the past year has not been very heavy. We had only one fire of a serious nature. The amount of loss being \$1,237.00 and this amount was held down due to an early discovery and quick response by the department.

We have added the following new pieces of needed equipment:

- 3 Smoke Masks
- 2 Booster Fog Nozzles
- 2 1½" Fog Nozzles
- 1 CO-2 Fire Extinguisher
- 1 Foam Generator for 1½" hose.

This Foam Generator is used in fighting oil fires and is capable of extinguishing one trailer-tank of oil or gasoline.

Respectfully submitted,
 WILFRID S. PELLERIN,
 Fire Chief.

VALE END CEMETERY COMMITTEE REPORT

Your committee for supervision of Vale End Cemetery has endeavored the past year to get up to date on work allowed to go unfinished the past few years. Shortage of labor however has interfered and only the essential work was performed.

Mr. Howard Peters was our caretaker and we felt fortunate in having him give us the amount of time he did.

The power mowing machine purchased in 1941 for this cemetery has been used so much by various Town Departments that it is almost worn out and does our mowing poorly. A new mower will be bought this year and your committee recommends that it stay at this cemetery. This will allow the caretaker to use the mower at any time and also will allow him to know the condition of the machine.

The number of perpetual care lots grows yearly and at the end of 1946 there was \$37.00 for care of lots.

Total expenses for the year were as follows:

Labor	\$156 36
Loam	18 00
Electric power	12 00
Lot repurchased	10 00

	\$196 36

Respectfully submitted,

WHITNEY M. FRYE,
JAMES SHELDON,
LOUIS AIMINI.

REPORT OF AUDITORS

We have completed our audit of the books of the various officers of the town for the year ending December 31, 1946, and find them in good order.

The records of the Trustees of the Trust Funds, Trustees of the Wilton Public Library, and Judge of the Municipal Court have all been checked and found correct.

We have gone over the records of the Water Commissioners for sales, receipts and uncollected balances as of December 31 and found them to be correct. Collections were properly turned over to the Treasurer regularly. The Town Clerk's records on registrations of automobiles and dog licenses have been checked and found correct. Collections have been turned over to the Town Treasurer promptly as required by law.

The uncollected accounts of the Tax Collectors and the Town Water Commissioner have been verified by sending individual notices to each debtor.

While outstanding accounts receivable in the Water department are being constantly reduced we believe that a firmer credit policy should be inaugurated. We see no justification in permitting water bills to run for twelve or eighteen months. The present policy is no different than that in effect for a number of years past. We recommend that service be disconnected when a bill is unpaid at the end of 60 days.

The records and reports of the Selectmen and the Town Treasurer have been checked and found correct. All invoices paid were on file and properly vouched for.

The Town of Wilton is indeed fortunate in having such a capable group of men and women filling its various offices. From our observation of the records it is evident that they understand the work of their respective departments and are conscientious in the performance of their duties.

We very much appreciate the cooperation of the

Town Officers in presenting their records for audit so promptly.

J. ELMER DRAPER,
C. R. JOSLIN,
Auditors of the Town.

February 21, 1947.

REPORT OF SERVICE COMMITTEE

The following list of men and women to be on our permanent Honor Roll has been compiled from the official list as sent out from General Bowen's office.

An estimate for such permanent Honor Roll has been secured from The Bronze Craft Corp. and Artron Monument Co. at a cost of \$1100.00. This would be placed on the Monument Lot.

WARRANT FOR SCHOOL MEETING THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town
of Wilton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in
said district on the 11th day of March, 1947, at 2:00
o'clock in the afternoon, to act upon the following
subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the
ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the
School Board and Truant Officer, and fix the compen-
sation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Com-
mittees, or Officers chosen, and pass any vote relating
thereto.
7. To choose Agents, Auditors and Committees in
relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alter-
ation in the amount of money required to be assessed
for the ensuing year for the support of public schools
and the payment of the statutory obligations of the dis-
trict, as determined by the school board in its annual
report.
9. To see if the district will vote to raise and ap-
propriate the sum of \$4200, the same to be made avail-
able at once for the purpose of paying a bonus of \$300
to each full time teacher and a proportionate amount
to each part time teacher, in addition to the salaries
contracted for the current school year.

10. To see if the district will vote to authorize the school board to convert the present heating plant to use fuel oil, and to expend not exceeding \$3800 for that purpose from state aid funds that may become available, or to borrow not exceeding \$3500 on the credit of the district for said purpose.

Given under our hands at said Wilton this 22nd day of February, 1947.

REPORT OF THE WILTON SCHOOL BOARD

During the past year we have been faced with many problems caused by the conversion from war to peace. During and immediately following the war the shortages of material and labor limited the maintenance and improvement of facilities. The present extremely high cost of both has necessarily limited the extent of improvements that could be carried out in the past year within our budget limitations. We have, however, succeeded in making the needed changes in the boys' basement, the conversion of the old locker room into usable working space and a fairly extensive but much needed job of painting and reconditioning the hallways. In the year to come it is planned to continue in a moderate manner, and within the limits of our means, this program of improvement along with necessary maintenance.

It is in the scholastic field that we feel that the greatest gains have been made under the intelligent leadership of Mr. Paire who has so very effectively administered the affairs of the school. We believe the results of his work will be revealed in years to come in the gradually improving standard of the school. The able leadership of Mr. Paire has been effectively backed by the faculty as a whole who deserve commendation for their cooperative attitude, particularly considering the rapidly changing economic conditions of the past year. We believe their restraint and dignified lack of publicity in the presentation of their economic needs is indicative of the high character of your teachers and their loyalty to the school.

C. RANDOLPH MYER, Jr.,
MILDRED T. PETERS,
FRED C. NELSON,

School Board.

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Wilton:

I respectfully submit my twenty-fourth annual report as your Superintendent of Schools.

Outlook for Education

The State Board of Education with the leadership of the new Commissioner of Education has carefully drawn up a new plan for state aid, and suggested a largely increased legislative appropriation to make it effective. The Interim Commission authorized by the 1945 Legislature has made an exhaustive study of public education in New Hampshire and their report further emphasizes the need of largely increased state aid to the local school districts.

The state aid plan in use since 1919, providing for elementary schools only, was based on a very complicated formula which was difficult to apply and unsatisfactory in its administration. Furthermore the legislative appropriation was seldom sufficient to cover the requirements of the law.

The proposed plan, which would give state aid for support of high school as well as elementary is embodied in a bill now under consideration in the Legislature. It sets up a simple formula allowing a fixed sum of money for each pupil attending school in any given school district. Two kinds of state aid are proposed; first, an **Equalization Fund** to supply any district with the money it needs for support of high and elementary schools beyond the amount of a local tax of \$6.00 on each \$1000 of equalized valuation; second, a **General Fund** to supply to every school district in the state a certain sum of money for each child attending school.

These funds must be provided by legislative appropriations; in case such appropriation is not sufficient, provision is made to supply the **Equalization aid**

first and to distribute the remainder as **General aid** proportionally.

The reasons for the proposed new plan and its justification are to be found in a comparison of New Hampshire with the other states of the Union. New Hampshire is the fourth lowest state in the percentage of state aid furnished the local school units, providing only 7% of the local costs of elementary schools as compared with a national average of .35%. New Hampshire is the only state not now providing state aid for high school costs.

Education is universally recognized as a responsibility which the state cannot escape by throwing the entire burden of costs upon local real estate taxation—a burden so unequal that it amounted to a tax ranging all the way from \$3.73 per \$1000 in one town to \$32.41 in another town in the school year 1944-45.

A citizenry made up of people enlightened through universal education is the only sure guarantee for the protection of the American democratic principle of the dignity and worth of the individual, and is as necessary as adequate military defense. The Nation's economic security depends more upon acquired knowledge and skill than upon natural resources. Democracy is constantly threatened by hostile alien political, economic and social theories that can be defeated only by vigilant, constant efforts comparable to those that won the war, in which every individual has a responsibility and a contribution to make.

In such a citizenry no less than a complete high school education for every mentally competent child is sufficient. No less than the very best teaching will assure such a degree of intelligence. The most competent persons must be secured and adequately trained for the teaching profession—persons who have the understanding and skill to discover and intelligently stimulate and develop the talents of children. The practitioner of no other profession needs more highly

specialized knowledge, more technical precision and artistic skill, than the teacher.

Against this conception of the ideal as a background, let us look at the present condition: more than a third of the nation's 900,000 teachers have quit teaching entirely since 1939; 60,000 vacancies have not been filled at all and 109,000 persons lacking the full qualifications for teaching certificates have been employed on emergency permits. Nearly 500 such persons are now teaching in New Hampshire.

The end of the war brought no relief, and there will be no relief until persons of high native ability can be attracted to the teacher training institutions in much greater numbers, and there receive a full four year training. Such persons will not be keen to invest four years in this training unless they can expect rewards, in terms of money and satisfactions, that are comparable to those in other occupations requiring a like amount of training.

Salaries

Last year I reported on a survey of current salaries of elementary and high school teachers in New Hampshire. A similar survey was made in November of this year which reveals that towns in the population range from 1500 to 2500 are paying their elementary teachers salaries ranging from a low of \$1300 to a high of \$2340 with an average slightly under \$1500. The same survey shows that high school women teachers in these towns are receiving from \$1300 to \$2000, with an average of slightly more than \$1850.

The complete survey shows a definite upward trend in salaries from last year to this in the small towns as well as in the larger towns and in the cities and at this moment many New Hampshire towns are granting "bonus" payments for the current year ranging from \$200 to \$400. The prospects are good that

even the war emergency teachers next year will get a minimum of \$1500 while four-year graduates of teacher training institutions will expect to receive a minimum of \$1800.

Other School Costs

In common with experience in every other field the costs of nearly every item of school support has increased materially as compared with the years before 1940. Prices of textbooks are advancing at least 15% since a year ago and the average price advance in the many items of scholars' supplies in the same time is around 35%. Personal services of every kind call for increased wages.

War-time shortages made it necessary to do without a certain amount of maintenance and repair work which must be taken care of as materials and skilled labor become available and costs will be higher in these items. However, needed improvements in plant and equipment as well as in the general educational services must be made if we are to hold our own in the general improvement throughout the State and Nation.

Superintendent of Schools.

REPORT OF SCHOOL NURSE

September 1945 to January 1947

There have been two physicals for many of Wilton's boys and girls in the past year. Dr. C. E. Rice's examination of 171 girls was well under way in November 1945. It was completed and Dr. Raymond Galloway's first check-up of 154 boys was made soon after my return to duty in March 1946.

Defects found — School Year 1945-1946:

Defective teeth	107	Anaemia	1
Defective tonsils	26	Eczema	1
Adenoids	2	Asthma	1
Poor posture	2	Orthopedic	* 1
Heart murmurs	4	Impetigo	* 1
Cervical glands	4		

* Corrected

No Tonsil and Adenoid Clinic Services were available last summer; in fact parents were advised to postpone tonsil and adenoid operations during the prevalence of polio in New Hampshire.

We had cases of chicken pox, whooping cough and mumps during this year and a very real epidemic of measles in April and May. Dr. Galloway was able to procure serum from State Board of Health and many of our susceptible children were inoculated. We found that the children who received inoculation at time of exposure, or previous to it, developed very light cases of measles. A few who were known to have been exposed were immunized by the serum.

Toxoid Booster Shots against diphtheria were given 96 pupils in January 1946 under the supervision of the State Board of Health Nurse, Mrs. Marie Fahey.

Tuberculosis Patch Tests were made for 90 pupils under the supervision of Mrs. Irene Buchall, N. H. Tuberculosis Association Nurse, in May. Twelve pupils reacted to skin tests and were X-rayed by port-

able unit at Milford. Reports from X-rays were "negative."

Vision and hearing tests were conducted by the nurse in March, April and May, 1946, as usual.

Hearing: Defect found, both ears, one, is under supervision of Hanover, N. H., Clinic. One ear no hearing since birth, probably. Border-line cases: both ears, 6; one ear, 3. Many children had colds at time of audiometer test.

Vision: Defects uncorrected—16; of these, 10 were newly found, spring 1946. The new defects now wearing glasses 8, and one has been under advice. Total corrections with glasses, 46.

HELP YOUR FOREST FIRE WARDEN PREVENT FIRES — IT PAYS !

Prevention is one of the most important phases of all fire effort. This is particularly true of forest fire control work. Preventing forest fires preserves valuable forest growth and other property, conserves man power and permits their use in productive channels, saves taxpayers' money and conserves fire fighting equipment.

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. **HELP YOUR FOREST FIRE WARDEN PREVENT FIRES**—his efforts are only as effective as is the cooperation you give him!
